

## General characteristics

Filtmaster

### The system

The most efficient, versatile & profitable filtering tool.

- Efficiency: The application of the most advanced technology results in a higher level of filtering performance.
- Versatility: The wide modular capacity of its components allows its perfect use for any kind of water in both agricultural and industrial fields.
- Profitability: The design of its components optimizes the cleaning process with lower energetic costs.

### Filters 3/4", 1", 1 1/4" and 1 1/2"

For low flow filtering (up to 15m<sup>3</sup>/h).

# Manual filters

Filtmaster

3/4", 1", 1 1/4" and 1 1/2" filters

## Stainless steel screen filter
